2.3.1: Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences and teachers use ICT- enabled tools including online resources for effective teaching and learning process

RESPONSE:

For enhancing learning experiences the faculty members adopt many ways, for example, lecture method, interactive method, project and field work method, computer-assisted method, experiment method etc. Teaching and learning activities are made effective by these practices. Many teachers use the conventional black-board presentation methods, especially in mathematics, commerce and economics, where they teach mathematics and statistics as numerical solving. Also, some teachers use power point presentations and computer-based materials. For, they use the lectures of you-tube to make learning interesting besides the conventional oral presenting methods. Some Student centric methods are given below:

Project methods:

The project work stimulate student's interest on the subject and provide student an opportunities of freedom of thoughts and free exchange of different views. As per the requirement of syllabi, the project work is done. For example, the Projects are done in PG classes like M.A.- Political Science and Sociology, and PGDCA

Interactive methods:

परबतसर

The faculty members make learning interactive with students by motivating student participation in group discussion, role-play, subject quiz, news analysis, educational games, discussion and questions and answers on current affairs, etc. Class room discussion in various topics are done under features. Especially, NSS, Political science department and sociology department organize interactive methods many times in a year.

ICT Enabled Teaching:

ICT enabled teaching includes Wi-Fi enabled class rooms with LCD, Language Lab, Smart Class rooms, etc. The institution adopts modern pedagogy to enhance teaching-learning process. The institution has the essential equipments to support the faculty members and students. Especially, the PGDCA class and Botany department adopts these services.

Experiential learning:

Experimental/Laboratory method is used in science subjects to acquaint the students with the facts through direct experience individually. Students verify the facts and laws of the subject with the help of experiments. Especially, the department of Chemistry, Physics, Botany, Zoology and Geography uses this method. Students take interest and learn things via experiential learning.

Student Seminars & Workshop:

The Student seminars are organized where in the papers are presented by students on contemporary topics to enrich their learning experience.

Our Institution further provides high quality of out of class learning opportunities through guest lectures, seminars, and workshops that align the academic stated goals and outcomes. The co – curricular and extra - curricular activities plays an integral part of the students' holistic education through various squads of Cultural Club, Sports Club, NSS, NCC, Quiz Club, Consumer Club and Entrepreneurship Development Cell (Start Up). Students participation in Intra and Inter Collegiate Competitions, Cultural events, Sports and Games of District/State/ National and International levels enrich their professional ethics and social responsibilities. Participatory learning among students is also facilitated through innovative components in Modular Assessing Panel like Group Discussions, Quiz, Poster Presentations, Games and Simulation Exercises and Demonstrations.
